

Society for the advancement
of Material and Process Engineering

SAMPE UK & IRELAND CHAPTER

Students' Seminar

16th June 2016 at IoM3 London

The presenters of **the best two talks on composite materials and processing** will be sponsored by SAMPE Europe, to represent SAMPE UK at the 2016 SAMPE Student seminar and attend the SAMPE Europe International Technical Conference in LIEGE.

All participants in the UK seminar will get **free student membership** of **SAMPE for one year.**

An objective of SAMPE is to promote interest in new composite materials and composites research within the student community.

For the past twelve years, SAMPE UK & Ireland Chapter have jointly organised a highly successful Student Project Presentation Seminar in London.

Students are invited to give a 15-20 minute presentation, with 5 minutes for questions, on composite materials and processing research.

A small University / Industrial panel will decide on the awards.

Students will be selected for a prize of entrance into the prestigious SAMPE Europe Student Conference on the 12th and 13th September 2016 in Liege and to represent SAMPE UK as well as having the opportunity of networking with other European researchers, in the true SAMPE spirit. They will then attend the SAMPE Europe

International Technical Conference (also in Liege 13th-15th September 2016.) The selected students will have their accommodation and conference fees paid and, if necessary, the cost of travel is also provided.

The presenter of the best student paper in Liege will receive a prize to attend the annual SAMPE Conference in Seattle, USA with the cost of flights, accommodation and conference fees paid by the Society.

In previous years, students have enjoyed taking part and have gained much useful experience. The UK and Ireland Chapter has provided four European winners within the past ten years:

University Departments are encouraged to invite their postgraduate research students to participate in the Seminar. Initial selection will be based on abstracts submitted.

To be considered as a participant for this event, please complete the following form and return it to myself by no later than **9th May 2016**. If you have any further questions, then please contact: **Andrew Mills**, a.r.mills@cranfield.ac.uk, ☎ 01234 750 111 Ex 2405

SAMPE UK & Ireland Annual Students' Seminar
